

The cost of medical services for non-residents of the Russian Federation.

Otology department

Available Procedures	Cost	
	₽ RUS	\$ USA
Endolymphatic sac drainage on the inner ear in vestibular pathology (Meniere's disease)	88 660	1 398
Cochlear implants	178 750	2 815
Labyrinthectomy	97 240	1 535
Stapedoplasty	64 350	1015
Stapedoplasty piston technique (with the cost of the implant)	88 660	1 398
Stapedoplasty piston technique (without the cost of the implant)	78 000	1 230
Plastic auricle (1 ear)	43 330	683
Plastic auricle (2 ears)	71 500	1 125
Tympanoplasty with reconstruction of the ossicular system with sanitizing stage (with the cost of the PORP(TORP) implant)	88 660	1 398
Removal of tumors of the middle and inner ear (depending on the type of tumor)	52 950 - 107 250	835 - 1 690
Reconstructive surgery for the formation of the external auditory canal (with stenosis of the external auditory canal).	71 500	1 125
Simultaneously removing atresia of the auditory canal with tympanoplasty and ossiculoplasty, the formation of the auricle with the use of the implant made of porous polyethylene	1 625 000	25 600

Rhinology department

Available Procedures	Cost	
	₽ RUS	\$ USA
Adenoidectomy	17 875	285
Turbinoplasty	35 750	565
Septoplasty	35 750	565
Rhinoplasty (depending on the complexity)	78 650 - 133 750	1 240 - 2 110
Rhinoseptoplasty	150 200	2 370
Endoscopic surgery two or more paranasal sinuses on both sides with the correction of intranasal structures.	85 800	1 360
Uvulopalatopharyngoplasty	52 910	835
Complex surgical treatment for OSA and snoring (according to indications: septoplasty, tonsillectomy, uvulopalatopharyngoplasty, surgery on the turbinates)	92 950	1 470
Anterior pharyngoplasty	28 600	460

Laryngology department

Available Procedures	Cost	
	₽ RUS	\$ USA
Tracheostomy	26 450	420
Tracheoplasty / Reconstruction of tracheostomy	107 250	1 690
Laryngectomy with lymphadenectomy / without lymphadenectomy	157 300/ 107 250	2 790/1 690
Endolaryngeal chordectomy (depending on complexity)	62 205 - 103 675	980 - 1 650
Phonosurgery	62 205	980
Medialization thyroplasty	74 360	1 180
Coblation tonsillectomy	71 500	1 230

Pediatric otorhinolaryngology department

Available Procedures	Cost	
	₽ RUS	\$ USA
Parapharyngeal abscess surgery	62 920	995
Conchotomy	27 170	430
Surgery treatment of nasal septum perforations	80 080	1 280
Radical surgery on the frontal sinus (removal of osteomas, mucocele)	85 800	1 360
Re-surgery on the frontal sinus	94 380	1 500
Rhinoseptoplasty	150 200	2 370
Surgery of benign tumors of the pharynx	26 450	420
Surgery of soft-tissue benign tumors of the oropharynx and nose	44 300	710
Surgery of juvenile angiofibroma of the skull base	80 080	1 280
Endoscopic sinusitis (depending on the complexity of the case and methods of treatment)	42 900 - 80 080	690 - 1 280
Endoscopic frontotomia	80 080	1 280
Surgery of congenital cyst (fistula) of the nasal bridge	44 330	715
Surgical removal of tumors of the pharynx	128 700	2 035
Cochlear implants	178 750	2 830
Plastic auricle	54 340	870
Surgical removal of tumors of the middle and inner ear (depending on the complexity).	44 330 - 71 500	715 - 1 230
Surgical removal of chemodectoma of the middle ear	92 950	1 480
Atticoantral	50 050	800

Head and neck cancer department

Available Procedures	Cost	
	₽ RUS	\$ USA
Hemiglossectomy with microsurgical plastic (depending on the species)	71 500 - 88 660	1 230 - 1 400

Cervical lymphadenectomy	107 250	1 690
Radical parotidectomy	107 250	1 690
Maxilla resection	115 700	1 840
Maxilla resection with combined with microsurgical plastic	178 750	2 820
Oropharynx resection combined with endovideoscopic microsurgical reconstruction	264 550	4 180
Mandible resection	78 650	1 250
Resection of the oral cavity / resection of the trachea circular extended	124 410	1 980
Pharynx reconstruction	107 250	1 690
Surgical removal of non-organ tumor	88 660	1 398
Pharyngectomy	107 250 - 124 410	1 690 - 1 980
Laryngopharyngectomy with microvascular reconstruction	178 750	2 820
Resection of parotid salivary gland	150 200 - 178 750	2 370 - 2 820
Surgical removal of neck cysts	40 040	650

Ophthalmology department

Available Procedures	Cost	
	₽ RUS	\$ USA
Surgical removal of conjunctival cyst	15 730	260
Blepharoplasty the through tumor defects of eyelids	66 066	1 050
Surgical operation in the treatment of strabismus and paralytic strabismus (depending on the complexity)	33 033 - 82 654	530 - 1 320
Focal laser coagulation / Lattice type laser coagulation	20 020	320
Cataract phacoemulsification with implantation of an elastic intraocular lens (IOL)	74 360 - 85 800	1 200 - 1 370
Antiglaucomatous surgery for primary glaucoma	50 050	800

(microinvasive non-penetrating deep sclerectomy)		
Vitreotomy with injection of silicone oil (depending on the complexity and nature of surgery)	100 100 - 171 600	1 600 -2 720

Plastic surgery department

Available Procedures	Cost	
	₽ RUS	\$ USA
Elimination of scarring or skin defect (depending on size)	18 590 - 80 080	315 - 1 280
Reconstruction of the nasolabial complex	268 840	4 250
Cheilorhinoplasty	268 840	4 250
Reconstructive plastic of nose deformities (depending on the complexity of the deformation)	268 840 - 376 090	4 250 - 5 950
Re-surgical correction of nose after surgery at another institution	447 590	7 090
Otoplasty prominent ears with unilateral	44 330	720
Correction of epicanthus	44 330	720
Europeanization of the asian upper eyelids	97 240	1 545
Facial plastic surgery + SMAS plication	107 250	1 700
Facial plastic surgery + SMAS ectomy	263 120	4 160
Plastic surgery of the upper or lower lip	90 090	1440
Chin plastic surgery	128 700	2 050
Augmentation mammoplasty	304 590	4 820
Re-endoprosthesis replacement of mammary glands after operation performed in another clinic	411 840	6 500
Surgical removal of "skin apron"	233 090	3 690
Plastic surgery of labia minora unilateral	44 330	710

Maxillofacial and reconstructive surgery department

Available Procedures	Cost	
	₽ RUS	\$ USA
Reconstructive plastic surgery to eliminate orbital hypertelorism using extracranial access	715 000	11 280
Orthognathic surgery to change the face contours	125 840	1 995
Bite correction with surgically acquired deformity or congenital skeletal deformities	626 340	9 884
Microsurgical reconstruction of the upper jaw with free revascularized autograft	536 250	8 470
Reconstruction of the mandible with microsurgical bone autograft	125 840	1 995
Reconstruction of the mandible with microsurgical complex autograft	893 750	14 100
Elimination of post-traumatic deformation of the cheekbone, nose and frontal-orbital complex	321 750	5 085
Elimination of post-traumatic deformation of the upper and middle zone of the face	107 250	1 700
Placement of a dental implant on the reconstructed jaw.	24 050	390
Facial feminization surgery - correction of facial contours, cheekbone, brow and chin.	90 090	1 440
Facial feminization surgery – osteoplastic operation reconstructive surgery	143 000	2 270

Physiotherapy, cosmetology and medical rehabilitation department

Available Procedures	Cost	
	₽ RUS	\$ USA
Cryotherapy	572	10
Classic massage	4 147	70
Massage individual parts of the body	520 - 2 145	9 - 35

Anti-cellulite wrap	4 940	85
Correction of biological age (different programs)	46 332 - 62 777	745 - 999
Contouring (injections) Botox / Dysport / Kseomin	10 400 - 54 600	175 - 875
Hydrodiffusion medical Spa complex	1 040 - 5 070	20 - 90

Dental department

Available Procedures	Cost	
	₽ RUS	\$ USA
Professional teeth whitening system Amazing WHITE	11 440	195
Veneers plate	23 595	390
